

ENTERING THE AGE OF LIGHT

DECEMBER 21, 2012

These photographs were taken at sunset on a beach in Los Angeles, California on the very day of the Winter Solstice and the Galactic Alignment on December 21, 2012.

Several friends and I gathered to celebrate the passage of this momentous date with a meditation on the beach at sunset. Given my penchant for 7th Ray ceremonial order and ritual to commemorate such events, I choreographed a musical playlist for us to listen to which ended with the Gayatri Mantra at the precise moment of sunset.

None of us were prepared for what transpired next. As soon as the sun dipped below the horizon, we were witness to a light show that I can only compare to viewing the Aurora Borealis. Most remarkable were the distinct rays/streams of light radiating outward like columns. The colors and quality of the light were unusually luminous and electric. One in our group compared the 'solar flames' to a Roerich painting. Another born and raised in Southern California never had seen such a sunset before and felt it had changed her life forever. Fortunately I remembered to bring my camera with me.

Upon reviewing the photographs, I recalled words I had read in *Entering the Age of Light* and *Brief Message from the Inner Guides* from this website and was inspired by how they seemingly foreshadowed what we witnessed. These quotes are included with the following photographs.

We were all awed by our experience given the auspiciousness of this date and still wonder whether we invoked the light show or were just fortuitous spectators of a divine harbinger heralding the Age of Light.

“WITH THE ALIGNMENT OF EARTH, THE SUN AND THE CENTER OF THE GALAXY IN DECEMBER 2012, A WAVE OF LIGHT WILL ENGULF THE PLANET. EARTH WILL ENTER A FIELD OF SUBTLER SUBSTANCE THAT WILL RADICALLY ALTER THE CONTEXT OF HUMAN LIFE. THE PROCESS BEGAN MANY DECADES AGO ON THE INNER PLANES, AS STREAMS OF COSMIC ENERGY POURING INTO THE EARTH SERVED TO AWAKEN HUMAN CONSCIOUSNESS TO THE INNER LIGHT OF THE SOUL.”

*"When the path of our sun crosses the center of the galaxy,
the great mystery of Love lying hidden in
the heart of the Sun will be revealed."*

*“There is celebration of the new dawn in Our Abode
as the extended reign of darkness on our planet
reaches its climactic end.”*

*“Holy music resounds through the ethers
on the eve of the cosmic shift to a
field of higher vibratory frequencies.”*

*"Bask in the rosy light of this dawn,
inhale its redolent perfumes and
let the fragrance of divinity
settle into the depths of your being."*
